

THIRTY-FOUR-CENT CHECKS POUR INTO REVENUE OFFICE

With over 2,000 checks of 34 cents each already remitted to Acting Collector E. W. North of the internal revenue service, as special tax imposed on doctors and

others who prescribe cocaine and other dangerous drugs, the new federal dope law is proving to be another cause of much extra work in the revenue department.

The department is refusing to accept tax remittances if they are for more than the current year. Dozens of checks for

more than one year's tax have been returned. The tax is \$1 per year, and as the law is effective for only four months of the current fiscal year, ending July 1, the amount due from each doctor is one-third of \$1.

O'NEILL SEES BRIGHT PROSPECTS FOR CROPS

Harry O'Neill, rancher, lawyer and capitalist, came down from his Custer county ranch to attend the opening of the Fontenelle hotel and again mix with

his old Omaha associates whom he knew when he was practicing law here.

Mr. O'Neill has a ranch of some 5,000 acres of which about 200 acres are in alfalfa. The frequent snows of the winter, he asserts, has put the ground in perfect condition and that this forage plant has already commenced to show green. Mr.

O'Neill is of the opinion that with the unusually large quantity of moisture in the ground this is going to be one of the banner crop years for Nebraska.
